American Standard Heating & Air Conditioning is proud to announce the release of the Deluxe MA Remote Controller (AAR-40MAAU). The AAR-40MAAU is an update to the previous PAR-33MAA Wired MA Controller.

In addition to retaining the functionality and compatibility of the PAR-33MAA, more features have been added to the AAR-40MAAU.

- ▶ Redesigned case
  - ▶ Updated the button symbols to English text
  - ▶ Updated button shape with a more modern design
  - ▶ Reduction in controller depth
- ▶ Supports CITY MULTI<sup>®</sup> setback mode
- ▶ Dark mode display option
- ▶ Co-branded with the Mitsubishi Electric and American Standard<sup>®</sup> logos

The AAR-40MAAU will be released upon depletion of the PAR-33MAA controller close to the end of March 2020.
