- ▶ **FIRST SHIP DATE :** July 15, 2019

» MODEL NUMBERS: See table

The new 16" x 25" SlimFit filter rack is now available for S-Series furnaces! This filter box has a design that fits new S-Series furnaces in upflow, downflow, or side return applications (transitions may be required). The sturdy 18 gauge painted metal cabinet has a hinged front door, full insulation, and ships complete with a pleated MERV 4 filter. This SlimFit rack will replace the filter rack, BAYFLTR200. Orders placed on BAYFLTR200 will be superseded to the new BAYSF1255BAA SlimFit model.

FEATURES AND BENEFITS:

- ▶ Designed to fit all S-Series furnaces with or without transitions when in side return*
 - *Adding a transition between filter and cabinet improves the airflow performance of the filter
- ▶ Can be used in upflow/downflow orientation on B width cabinets with no transitions required
- ▶ Painted low profile 2" cabinet that matches S-Series cabinets
- ▶ Hinged front door for easy filter replacement
- ▶ Fast installation with pre-drilled screw holes and full gasketing
- ▶ Assembled in the USA
- ▶ MERV 4/5 filters that last up to 90 days
- ▶ Trane Service First replacement filters as well as off-the-shelf 16" x 25" retail filters
- ▶ Stocked in all NDC warehouses and available through Trane Parts and Supply locations
