

New Supplier: Electric Heaters

eAPB2020 | September 9, 2020

Orders continue to be strong for electric heaters. As a result, we are introducing a second manufacturer (Tutco) to help with the influx of demand. The goal with the new heaters is to keep them as close to the current heaters to minimize any issues. Pricing, dimensions, warranty and electrical characteristics are the same as the BAYHTR heaters. All heaters ship with a serial number so warranties can be processed in WMS. This heater will have the same “no registration” warranty.

Tutco Model #	Description	BAYHTR Model #
81-0693-01	5KW HEATER LUGS	BAYHTR1505LUG
81-0696-01	8KW HEATER LUGS	BAYHTR1508LUG
