Additional disclosures are required when advertising and promoting these credit terms. Please refer to the Advertising Guides by visiting the Online Resource Center at wellsfargo.com/retailservices and selecting "Advertising Resources" from the left navigation. Please refer customers to the Credit Card Agreement for details about credit costs and terms.

²The discount rate is the fee charged to you for regular or special terms; it will be deducted from the amount funded to you. We may change the discount structure in any way at any time by advising you in advance in writing.

³This is a deferred interest promotion. This means that if the purchase balance is not paid in full within the special terms promotional period, interest will be charged to the account from the purchase date at the regular APR for Purchases. Making only regular monthly payments will not pay off the purchase balance within the promotional period.

⁴For new accounts, all balances with regular monthly payments are combined to figure the payment, which will be the greater of: (1) \$40.00; or (2) 3.5% of the combined balance; or (3) the sum of interest charges for these balances, fees assessed during the current billing cycle and 1% of the combined balance.

For merchant use only.
