1. Paper applications and invoices must continue to be available for those customers who do not agree to receive the terms and conditions electronically.

2. This process requires an internet connection. Please ensure your device is able to connect to the internet using your own data package. This process does not include a Notice of Right to Cancel. If you conduct business outside of your normal place of business (e.g., consumer home, fair, trade show, expo, etc.), you're still required to notify your customers of their rights. A Notice of Right to Cancel form is available to you on American Standard DealerNet.
