

PXC Downflow SKU Reduction

eAPB2036 | December 17, 2020

IMPORTANT DATES

Phase Out Date:

January 8, 2021

Effective 1/8/2021 six PXC models will be no longer available (NLA). We are transitioning these models out of production to improve efficiency, reduce the number of SKU's, and increase plant capacity. However, all of the models that are being made NLA have a replacement option available for every application. These replacement options are outlined below.

Models Phasing Out:

- 4PXCAD24BS3HDA
- 4PXCBD24BS3HDA
- 4PXCBD48BS3HDA
- 4PXCCD30BS3HDA
- 4PXCCD48BS3HDA
- 4PXCDD48BS3HDA

If an equivalent sized coil is more important to you, we recommend using the PXC-U alternative. If an equivalent rating is most important, we recommend using a PXC-D alternative (refer to AHRI ratings for details.)

Below is a transition chart to help you choose which model best fits your needs.

RATINGS:

» AHRI ratings available at AHRIDirectory.org

Model Phasing Out	Transition to	4PXC-D Dedicated Downflow AC/HP ratings	4PXC-U Upflow/Downflow AC/HP ratings	4TXC Multi-poise AC/HP ratings	
4PXCAD24BS3HDA	Transition to	4PXCBD30BS3HDA	4PXCAU24BS3HAA	4TXCA002DS3HCA	
4PXCBD24BS3HDA		4PXCBD30BS3HDA	4PXCBU30BS3HAA	4TXCB003DS3HCA	
4PXCBD48BS3HDA		4PXCBD42BS3HDA	4PXCBU42BS3HAA	4TXCB006DS3HCA	
4PXCCD30BS3HDA		4PXCCD36BS3HDA	4PXCCU30BS3HDA	4TXCC005DS3HCA	
4PXCCD48BS3HDA		4PXCCD42BS3HDA (AC)	4PXCCU42BS3HDA	4TXCC007DS3HCA	
		4PXCCD60BS3HDA (HP)			
4PXCDD48BS3HDA		4PXCDD60BS3HDA	4PXCDD60BS3HDA	4PXCDU48BS3HDA	4TXCC008DS3HCA

NOTE: Orders placed by 1/8/2021 will be fulfilled based on materials available.
